Adhere to the principle of providing a professional, tailored service to schools and parents, and follow AEGIS Code of Practice, Amber Guardianships' highest priority is to safeguard the welfare of the children we work with. We provide 24 hours, seven days a week service that offers a high level of support to students, parents, schools and host families. Our aim is to ensure students obtain the best academic results in our care whilst supporting them with a secure and caring environment during their stay in the UK.

Amber Guardianship's multilingual team will explain every detail of our services to parents in their native languages.

Aim of Amber Guardianships

The majority of UK boarding schools require overseas student to have to have UK guardian. A guardian should be a responsible adult living in the UK who can provide full support to the student on behalf of their parents. For those parents who do not have a family friend to act as guardian, then they have the opportunity of choosing UK Guardianship Organisation to act as an education guardian for their children. This not only satisfies the boarding schools' requirements, but also the UK Visa and Immigration guidelines and keeps international students safe while they are not in school and are unaccompanied.

Amber Guardianships policies include a safeguarding policy which is mandatory for all staff to understand and implement. These policies apply to all students under our care regardless of gender, age, ethnicity, nationality, religion or disability. All children and young people have the right to be protected from any kind of abuse and the right to exist in a safe and friendly environment whilst in the care of Amber Guardianships.

Amber Guardianship Practice

Our students vary in age from 15 to 18 years old.
